BOARD OF DIRECTORS' PROPOSAL FOR A RESOLUTION ON ISSUE AUTHORISATION

The Board of Directors of Auriant Mining AB (publ) proposes that the meeting passes a resolution on issue authorisation according to the following.

The Board of Directors is to be authorised to, on one or more occasions until the next Annual General Meeting, issue new shares and/or warrants. An issue of new shares and/or warrants can be decided without regard to shareholders' pre-emption rights. An issue of shares and/or warrants without regard to shareholders' pre-emption rights may only be decided upon in connection with a rights issue, for instance an issue directed to the guarantors in such rights issue as payment for their guarantees.

Following this authorisation, a total maximum number of 8,000,000 shares may be issued in new share issues and/or through the exercise of warrants (this does not prevent warrants from being combined with conversion terms which, if applied, may result in a different number of shares). This authorisation is to include the right to issue shares and/or warrants with cash payment, payment by contribution in kind or payment by way of set-off, and otherwise subject to conditions as set out in Chapter 2 Section 5, second paragraph 1–3 and 5 of the Swedish Companies Act.

The reason for the proposal and the possibility of deviating from the shareholders' pre-emption rights is the Board of Directors' intention to carry out a rights issue of shares and a rights issue of warrants in order to raise capital, and to be able to, in connection with such rights issues, resolve on directed issues of shares and/or warrants to guarantors in the rights issues as payment for their guarantees.

The Board of Directors, or a party designated by the Board, has the right to decide on minor changes to the meeting's resolution that may be necessary in connection with registration of the resolution with the Swedish Companies Registration Office or due to other formal requirements.
