

PRESS RELEASE

Stockholm, December 27, 2019

Auriant Mining AB (publ.) announces 2020 production forecast

Auriant Mining AB (publ.) announces that its total production forecast for 2020 is 900 - 940 kg of gold. Ore to be fed to the new CIL plant will come from the Pravoberezhniy deposit, which has been in operation throughout 2019. Annual throughput of the CIL plant will amount to 350 - 380 thousand tonnes.

The ramp-up of the CIL plant is progressing according to plan and at the end of December the plant reached its designed throughput of approximately 50 tonnes per hour.

Auriant Mining AB (AUR) is a Swedish junior mining company focused on gold exploration and production in Russia, primarily in Zabaikalye and the Republics of Khakassia and Tyva. The company has currently four assets, including two operating mines (Tardan and Solcocon), one early stage exploration asset and one development asset.

Since July 19, 2010, Auriant Mining's shares are traded on Nasdaq First North Premier Growth Market under the short name AUR. For more information please visit www.auriant.com. Mangold Fondkommission is Certified Adviser to Auriant, for more information please call +46 8 503 015 50, e-mail CA@mangold.se or visit www.mangold.se.

This information is information that Auriant Mining AB is obliged to make public pursuant to the EU Market Abuse Regulation. The information was submitted for publication, through the agency of the contact persons set out above, at 2.15 pm CET on December 27th, 2019.

Cautionary Statement: Statements and assumptions made in this report with respect to Auriant Mining AB's ("AUR") current plans, estimates, strategies and beliefs, and other statements that are not historical facts, are forward-looking statements about the future performance of AUR. Forward-looking statements include, but are not limited to, those using words such as "may", "might", "seeks", "expects", "anticipates", "estimates", "believes", "projects", "plans", "strategy", "forecast" and similar expressions. These statements reflect management's expectations and assumptions in light of currently available information. They are subject to a number of risks and uncertainties, including, but not limited to, (i) changes in the economic, regulatory and political environments in the countries where AUR operates; (ii) changes relating to the geological information available in respect of the various projects undertaken; (iii) AUR's continued ability to secure enough financing to carry on its operations as a going concern; (iv) the success of its potential joint ventures and alliances, if any; (v) exchange rates, particularly between the Russian rouble and the U.S. dollar. In the light of the many risks and uncertainties surrounding any gold production and exploration company at an early stage of its development, the actual results could differ materially from those presented and forecast in this report. AUR assumes no unconditional obligation to immediately update any such statements and/or forecasts. This press release shall not, directly or indirectly, be released, published or distributed in or to the United States, Australia, Japan, Canada, New Zealand, Hong Kong, South Africa or other country where such action as a whole or in part is subject to legal restrictions. Nothing in this press release should be considered as an offer to invest or otherwise trade in shares of Auriant Mining AB (publ). The proposed issue will not be directed at residents or those living in the United States, Australia, Japan, Canada, New Zealand, Hong Kong, South Africa or other country where such action would require further prospectus, other offering documentation, registration or other measures beyond those required by Swedish law. No securities will be registered under the United States Securities Act of 1933, a similar law in any state in the United States, or under any provincial law in Canada, nor under the applicable law of another country.
