We have performed procedures whereby we have examined the Board of Director's report on set-off dated 20 July 2017.

***Responsibility of the Board of Directors for the report***

It is the responsibility of the Board of Directors to produce a report in accordance with the Swedish Companies Act, and to ensure that such internal control as the Board of Directors deem necessary to produce a report that is free from material misstatement, whether due to fraud or error.

***Auditor's responsibility***

Our responsibility is to express an opinion on the set-off on the basis of the procedures performed. The procedures were performed in accordance with FARs recommendation RevR 9 *The Auditor's Other Statements Pursuant to the Swedish Companies Act and the Swedish Companies Ordinance*. This recommendation requires that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance that the content of the Board of Director's report is free from material misstatement. The procedures have involved the execution of various activities to obtain evidence about the financial and other information in the accounting details. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement in the report, whether due to fraud or error. In making those risk assessments, the auditor considers the parts of internal control which are relevant to the how the Board of Directors produced the report data in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of this internal control. The procedures also include an evaluation of the appropriateness and the reasonableness of the valuation method applied and of the reasonableness of the assumptions of the Board of Directors. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

***Opinion***

We are of the opinion that the Board of Director's report has been prepared in accordance with Chapter 13 § 7 of the Swedish Companies Act and that the right of set-off refers to valid counter-receivables.
